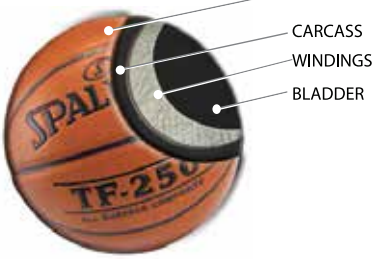
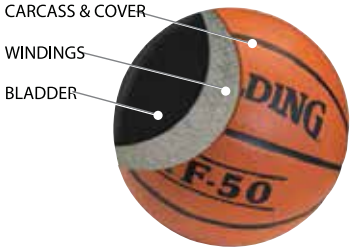
OFFICIAL SPONSOR OF IAAF OLYMPICS

Laminated construction uses leather or composite panels. These panels are fixed onto a rubber carcass by hand in order to provide athletes with the highest quality basketballs available. The versatility of this ball construction gives players the ability to take their game to the next level.

Laminated Basketball Construction



Moulded Basketball Construction



This construction is used on outdoor basketballs and provides increased design capabilities and a wide range of available color and graphic options.

COACHING AIDS

KOACHSAK

Features:

- Ideal for the club or school.
- Rear compartment for Stumps, full size cricket bats or Sidearms.
- Front compartment for Katchets, KatchMax, Skyers, Sidearms, Balls, ancillary items.
- Zipped divider to combine both main compartments if desired.
- Velcro divider to alter configuration of front compartment.
- Large front zipped pocket

Size- 90cm x 48cm x 42 cm

KOACHSAK DUFFLE

Building on the successful 'Sak' concept which focused on the specific needs and equipment used by the modern Cricket & Hockey coach, the duffle offers many of the benefits of the KoachSak in a more compact and easily carried size making it ideal for those training sessions not requiring the kitchen sink!

Features:

- One large compartment with one moveable velcro divider.
- Rucksack handles same as the KoachSak but rather more important on the duffle as there are no wheels on this model!!
- Reinforced Base on the exterior and has a wear resistant and waterproof cover.
- Padded walls your duffle is made from high quality nylon and is foam padded to protect your equipment from bashes and bumps.
- Velcro Interior we include our trademark velcro lining, so you can not only configure your divider as you please but also add our bat / stump / Sidearm tubes as you wish (These are sold separately).

Size: H77 x W47 X D25cm - Volume 95 litres

KATCHET RAMP

- Katchet is practical, portable and offers a constant challenge to cricketers of all ages and abilities.
- Suitable for use with soft or hard ball, Katchet will provide situation specific training for all fielding positions.
- Katchet mirrors random deflections encountered when the ball deviates after hitting the bat or wicket.
- From school playing field to test arena, Katchet improves catching ability, technique, reflexes and fielding enjoyment.
- Katchet has been designed to deflect the ball in an unpredictable yet realistic fashion.
- Katchet uses a weather proof, impact resistant polypropylene surface which provides outstanding speed transference and durability.
- The textured surface and precisely engineered angle of Katchet enables the thrower to produce bounce and pace for the catcher with minimum effort.
- Katchet is a valued practice tool for International Cricket teams around the world.

POP-UP BALL STOP NET

- Balll stop nets are ideal for fielding Flexi-Stump drills.
- Self-assembly with ground pegs
- Easy to put up and includes carry-case.

- SET OF 2

POP UP NET SINGLE

- SOLD AS SINGLE

CRICKET

CLOUD CATCHER LITE

FEATURES -

- Designed to improve ball speed with minimal effort.
- Reduced blade length and longer handle increase bat speed
- X-Lite High Density Foam enables coaches to hit the ball higher and further than ever before.
- New lightweight design reduces fatigue.

SIDEARM™ ELITE

NEW & IMPROVED

The fastest Sidearm, capable of speeds over 85mph!
Made from tougher, stiffer materials to allow faster deliveries and superior durability.
New Pink Colour - provides good sighting for both red and white balls.
Aimed at higher level club players and professionals.
Provides hours of fast paced, exciting and unparalleled practice for cricketers of a high standard.
The fastest, most consistent and most durable Sidearm yet!
Replacing the (now discontinued) Sidearm Pro, the Sidearm Elite is the product for quality practice for cricketers of a high standard. In the right hands, the Sidearm Elite can reach upwards of 85mph. Higher level players can provide hours of fast paced, exciting and unparalleled practice with the Sidearm Elite.
Made in Britain, the Elite is harder to master than the Sidearm Club, and is specifically aimed at players accustomed to facing quick bowling. Sidearm have also taken on board feedback from professional users, who found it difficult to sight a white ball from the white sidearm, so the Sidearm Elite is coloured pink to provide good sighting for both red and white balls.

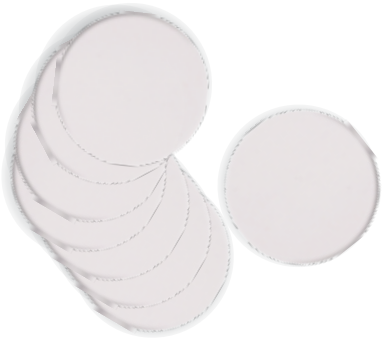
FUSION MULTI-STUMP

Designed by FUSION SPORTS The Multi-Stump is exceptionally durable and flexible. The MULTI-STUMP allows the ball to travel through the stump with minimal deflection, a big advantage over a standard stump making it far safer to use. By passing a ball through the MULTI-STUMP it takes a small secondary deflection through to waiting keeper and slip. Can be used for nicking practice up to the stumps.

AVAILABLE IN
LONG AND SHORTY

TARGET STUMPS

- Single plastic stump with a spike base
- Ideal for fielding or bowling training



CRICKET FIELD MARKER

- Flat markers that allow ball to remain in contact with the pitch surface and reduce risk of tripping.
